[CORONAVIRUS \(COVID-19\) | WHAT WE ARE DOING AT TMC](#)

We remain fully committed to continuing business as usual at TMC in these difficult times. All of our staff have now moved to a system of home working. However, our digital infrastructure is such that this will have no impact upon the day to day running of our business or that of our clients.

Given the most recent government guidance our in-house weekly courier service into London and the surrounding area has now been suspended. We are however able to make arrangements in each individual case for transmission of files, whether by way of:

- collection of hard copy files, from any location;
- remote access to your case management systems; or
- electronic transmission of documents via email or cloud-based system.

We understand that it is more important than ever to ensure that cash continues to flow to your business. We are as committed as ever to assisting you in this respect and we look forward to discussing and meeting your individual needs.

Stay safe.
